THE CENSUS.

All Reports in but One—Result
Not Satisfactory.

**Mayor Lang Will Have a Called
Meeting of the Council
Monday Evening.**

Mayor Lang this morning gave the
following figures to the Sun, as the
result of the census taken by the census
enumerators appointed a short time ago
by the council. All are correct, with
the exception of the figures in the
Third ward, compiled by Prof. H. H.
Lyon, who is now out of the city. They
are about correct, however, and even
if they should not be, it is claimed
that there would be no material
difference in the result.

First ward, 4414. Second, 2722;
Third, 1800; Fourth, 2380; Fifth,
2602; Sixth, 4908.

Mayor Lang claims that he does
not think that there will be any effort
to prevent the council from paying
the enumerators. He appears to be
vastly pleased with the result of the
census. As will be seen, the result is
as shown by the figures is 19,086,
nearly a thousand under the required
number.

To most people this census will be
very unsatisfactory. In the first
place, Zorn claims to have found over
\$1,000 two years ago, and since then
in addition to the steady growth of
Paducah, the cordage factory and other
enterprises have brought hundreds
of newcomers into Paducah, and just
now many people are out of the city
for weeks. Considering these facts,
at the various resorts and have been
the enumerators have done their work
in a remarkably short time, and few
people will think that it is a correct
census.

Mayor Lang stated that he would
call the council to meet Monday
night in special session to hear the
report of the enumerators, and also
to consider a few other matters. One
of these is the appointment of Officer
Frank Sneed to the position of over-
seer of the chain gang, and the ap-
pointment of extra officer Tobe Et-
ter to a place on the regular force,
which he overlooked at the meeting
Monday night.

SHIPPED TO LOUISVILLE.

**Oliver Hall Stranded in Arkansas
and Had no Way to Get Home.**

Oliver Hall, an aged man who ap-
peared to be at least seventy years
old, this morning applied to Mayor
Lang for assistance to reach his home
in Louisville.

He told a pitiable tale of an fencing
in the wilds of Arkansas, where he
went to make his home. Finally he could
work no longer, and for sometime
he has been working his way home.
He was given a ticket to Princeton
by the mayor.

TO SUMMON WITNESSES.

**Deputy Marshall La Rue Has Gone
to Marshall County.**

Deputy United States Marshal La
Rue went to Marshall county this
morning to summon witnesses to the
post-office robbery case against Hor-
ace Powell, in jail here. The case
against Powell's act for Monday be-
fore U. S. Commissioner Puryear, who
is expected home tomorrow from Atlanta
City.

GEORGE O. M'BROOM.

GUERIN HOLDS OUT.
PARIS, August 25.—Deeply sus-
picious of firemen's house in Rue Clau-
bron the anti-Semites, Guerin and be-
slept party, spent another night on the
roof of the house last night. They
feared firemen would flood the house
through a chimney. The police today
were surprised to find octogenarian
Guerin's ash barrel. They cannot
comprehend how Guerin could get
chicken and believe the watch on the
house is growing lax.

LYNCING SURE

This is What is Predicted at Fulton
Tonight Without a Doubt.

MATTHEW M'FALL CAPTURED

He Was to Have Been Taken
Fulton Last Night, But
Was Not.

MOB AT DEPOT THIS MORNING

Matthew McFall, the negro who has
been so eagerly sought by residents
of Fulton for several days past for
an attempted assault on the young
daughter of Mr. L. E. Clapp, by whom
he was employed, is reported to have
been captured in Princeton yesterday.
When the news reached Fulton there
was great excitement, and it was
forthwith announced that he would
be lynched.

McFall had not been identified,
and it was attempted to have him
brought here and identified and then
taken straight through to Fulton
on the same train the fast mail which
arrived here at 3:55 this morning.

This was not done, however, and it
was then announced that he would be
brought through this afternoon and taken
to Fulton.

There was great excitement in Fulton
last night, and when the train stopped
there this morning at 5 o'clock there were about 500 people
at the depot, expecting the negro to
be aboard. The disappointment was
great, as McFall is accused of a
most dastardly crime. His intended
victim being a girl at whose house
he had been employed and with
whom she had been trusted. He
will most certainly be hanged if taken
back. It has been only a few
days since they hanged one negro
there.

This afternoon, contrary to expectations,
the negro was not brought
through on the train from Princeton,
but to Fulton.

Marshal Collins this afternoon re-
ceived a telegram from Marshal Jesse
Walker, of Fulton, asking if Ben
Caption was here with McFall, the
rapist. Marshal Collins replied that
if he was not known to him.

FRIDAY, AUGUST 25, 1899.

The army of France may convict Dreyfus again, but the army too will stand convicted before the world through the efforts of Labor, who has already shown the whole gang up in an unenviable light. Gen. Menier and that underling traducer, Estheray, would make a good pair to rest Louis' months on Devil's Island.

What will it profit the Louisville Courier-Journal if Goebel is elected? He is reputed to be very wealthy, if not so much as the L. & N. he is sufficiently so to pay roundly for helping him into a high office. The C. J. is saying money is fighting in the election and it must know the question is how much?

The Republican campaign in this state is in the best condition possible, thanks to its wise leaders. In union there is strength, and in November there will be victory, through the strength.

Tomorrow the Brown Democrats open their canvas at Howling Green, where Brown will doubt address thousands of the good people of that county. The interest in the speaking is certain to draw a large crowd to the capital of Warren.

The man who will not read both sides of a question is incompetent to discuss that question and is calculated to be too biased to discuss any other matter of interest.

The Goebelites think they have placed the opposition on the defensive. Now this is a joke. The Goebelites were the first to start the canvass and finally got in such a hurry that they couldn't wait the time they originally set, but had to call a lot of speakers into the field. On the defensive, why yes and on the run to catch a Goebelite and see what he looks like.

Judge Redwine has really, it would seem, gone into his hole and pulled it after him. The demand made by so many democrats that the old boulder be taken off the stump has clearly had the desired effect.

George B. Cox, the great Ohio Stand and Oil magnate, gives Goebel one of the strongest endorsements he has ever received. What think the Democrats of the man Cox can endorse? Goebel needs to be looked after closer now than ever before.

When Goebel was first nominated it was said he would not need the party machinery to win. Now they say that the gang has the machinery and he will win. The people are yet to be heard from, and it is two to one that the Goebelites don't win even with the machinery.

Just after the Louisville nomination all the talk of the Goebel gang was of a united Democracy. What think they now of a united party? The idea makes the Brownites smile and the Republicans grin.

The inconsistency of the Louisville Courier-Journal is almost as great as the ingratitude of some of Gov. Brown's old pap suckers and Black-hum's lack of fidelity to a promise.

There are enough honest voters in Kentucky to put down Goebel and all efforts to foster such a crime on the state. The Sun has no fears in this direction.

The Republican state canvass progresses well, thanks to the thoughtful people.

The Nelson Record, in spite of the fact that the Populists denounce Goebel, which the Record is supporting with marvelous recklessness, says: "It is especially gratifying to see that the Populists fully appreciate the character of the fight being made on Goebel and the nature of the issues to be fought out in this campaign. It is customary for the little whipper-snappers and tomtits in politics to attempt to deride and trifle the Populists and their doctrines, but the fact nevertheless remains that as a whole no more noble, intelligent and disinterested set of men is to be found in the political arena today than these same derided Populists. They are quick to condemn." The fact that Tom Pettit, of Owensboro, has declared for Goebel is the cause of this tribute from the Record.

and the fact no doubt leads the paper to link a little taffy night catch the whole push. The Record has forgotten if it ever knew that Pettit was long since discounted as a Populist and that he is not now the great leader of the faction it seems to think he is. The Record's flattery is therefore nothing.

THE CAMPAIGN.

Nashville Banner: The anti-Goebel movement, which was born of the burning outrage committed in Goebel's name at Louisville, has lost nothing of its strength since the first flush of indignation subsided. To the contrary, reflection has made the duty work done at Louisville appear as the blacker and has more plainly referred to the best element of Kentucky Democracy the necessity of redeeming their party from the clutch of a machine boss who used such unscrupulous means to secure a nominal victory. Goebel trampled on and defied the principle of popular representation, and without that principle Democracy can have no significance and no reason to be.

"THOU SHALT NOT STEAL"

New York Tribune: The infraction of the decalogue by the Democratic machine in Kentucky, in capturing the party nomination for governor by methods that are compared with those of the highwyaub, has given the opponents of Goebel an opportunity to use the eighth commandment as a campaign cry, and it will be extensively used in the exceedingly bitter campaign which has just begun in the Bluegrass state—a campaign which ought to terminate in a Republican victory and be followed by the election of a Republican United States senator.

ASKS FOR INFORMATION.

To the Paducah Sun:

I want to ask a few questions. First, I would like to know if there is to be a ticket of any kind in the field for the offices of connection and school trustees in opposition to the one the Goebel Democrats propose to name on the list of next month?

If there is to be why are not the people advised of the fact? Some might be inclined to vote for the

democratic primary who would re-

main in it if they knew the city was

to have a good independent ticket

in November. Now, are the people

going to let themselves be caught

naping to elect a council which will

work at the back and call all their

strength to the front?
